

SCA Socializing Workshop

Are Your Dating Practices Not Working
Out? Try Socializing First.

Are You Sexually Anorexic? Socializing Is
A Great Start On Easing Out Of Sexual

Anorexia.

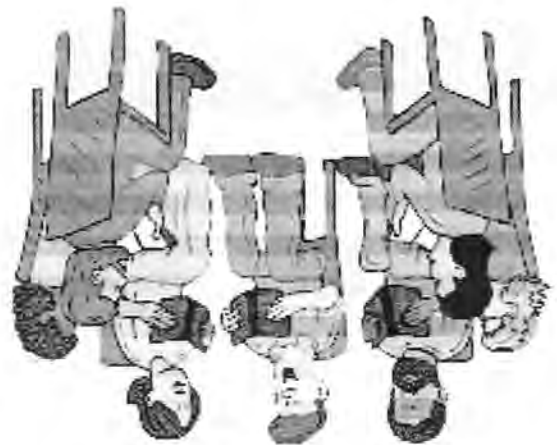

"Socializing is a way of breaking down our isolation and getting to know other people in a non-sexual context; at fellowship after meetings; in supportive organizations and groups; and in the community at large."
(Tools That Help Us Get Better)

Practicing the art of socializing helps us break down the isolation that is so strongly a part of our acting out behaviors. With this workshop we will continue looking at ways to introduce socializing into our recovery. Attendees are encouraged to bring and share their ideas for using the Tool of Socializing. We will have a nearly finalized version of the draft piece of literature on Socializing, on which we worked in previous workshops. We can revise this piece as well, but if all goes well, and you approve, we may submit it to the Los Angeles Inter-group for use as literature on its meeting tables.

"SCAs Twelve Steps are a group of principles, spiritual in their nature, which, if practiced as a way of life can expel the obsession to act out and enable the sufferer to become happily and usefully whole.

"More sobriety brought about by the admission of sexual compulsion and by attendance at a few meetings is very good indeed, but it is bound to be a far cry from permanent sobriety and a contented, useful life. That is just where the remaining Steps of the SCA program come in. Nothing short of continuous action upon these as a way of life can bring about the much-desired result."
(Adapted from AA 12 & 12)

This workshop is for the Newcomer, Returning Member or any Member of an S-Fellowship who is interested in using the Tool of Socializing to aid in their recovery from compulsive sexual behavior. This includes recovering Sexual Compulsives, Sex Addicts and Love Addicts.
